Welcome to National Amateur Bowler Rankings.com© (NABR©). Have you ever wondered where you rank amongst the millions of amateur bowlers? How about where you rank in your local association, state, region or in the nation? For many years, amateur bowlers never had a real platform to stand on to let everyone know who is the best. That time is over! This website is the only website of its kind. We at NABR© are striving to provide ranking services to all amateur bowlers, their friends and families. NABR© has developed mathematical and statistical formulas to rank amateur bowlers at the local, state, regional and national levels. This website is designed to take the guesswork out of wondering who is better than whom. Your rankings are based on what you do on the lanes, not what you wear, how you look, or what your name is.
