November is American Diabetes Month!

Diabetes is America's number one health threat in our country today. Nearly 21 million adults and children have diabetes. 1 in 3 Americans will develop diabetes in their lifetime if nothing is done to help find a cure. By participating in the Bud Light Challenge, 21 million people with diabetes will benefit from your life-saving efforts. Diabetes is America's fastest growing disease but the funds we raise will help turn that around. The Bud Light Challenge will donate \$5 from every entry as well as \$1 from every bracket to the American Diabetes Association.

Shoe up and bowl to help make a difference!
